

Collection

The Selma University Bible College (SUBC) uses the Alexandria Researcher Automation software system as its online public access catalog (OPAC).

<https://selma.goalexandria.com>

The online catalog enables library users to retrieve needed resources by searching (1) author, (2) title, or (3) subject. The library specializes in the areas of Biblical studies, Theology, Christian ministries, and other curriculum materials such as: English, Literature, Psychology, Sociology, Music, Physical Education, mathematics, and Health.

The library's collection is arranged according to the Dewey Decimal Classification System.
