Immunizations Record Exemptions

The Alabama Law requires that are all new undergraduate and graduate students enrolling either for the first time or returning after some period other than the summer must show proof of having received required immunization. The record of your immunization can be obtained from your High school.

However, *Selma University* has many adult students in the Ministry and other studies who are more than 30 plus years in age who are coming to school for the first time. Many of these students have been out of school for many years. Also, many of these students attend Selma University Extensions and are not on the main campus. Therefore, any student who has been out of High School more than fifteen (15) years can receive a waiver from this requirement. The signing of this form is an Admission that you have been out of school more than fifteen years and it is difficult for you to obtain an immunization record from your High School.

Dr. Alvin A. Cleveland, Sr.
